

Happy Veterans Day from the VFW

This Veterans Day, we honor the contributions and sacrifices of America's heroes

Nov 09, 2016

KANSAS CITY, Mo. – This Veterans Day, the Veterans of Foreign Wars of the U.S. honors the contributions and sacrifices of the nearly 22 million living veterans, and those no longer with us who have served our country in the name of liberty and justice.

From the jungles of Vietnam to the mountains of Afghanistan, from Bastogne to Baghdad, from Pork Chop Hill to the Persian Gulf, our veterans have borne the cost of America's wars — and continue to stand watch over America's peace. Today is their day to stand just a little bit taller and be recognized by a grateful nation that appreciates what the few have done for the many.

In times of danger and in times of peace, it is the selfless dedication of America's veteran that continues to secure the freedoms on which our great country was founded. Every generation owes a debt of gratitude to these patriots of the past and present ... those who set aside their personal goals in order to answer our great nation's call.

Veterans Day salutes all who served, regardless of when or where. Gallant Soldiers, Sailors, Airmen, Marines and Coast Guardsmen have conquered the sum total of their fears and endured inconceivable miseries and hardships, all for the sake of protecting the values upon which our great nation was founded.

In doing this, they have established a standard of courage and honor for the entire world to witness.

We must take the opportunity to keep alive the memories, sacrifices and accomplishments
